## **NEW BUSINESS UNITS TO LET HILLSIDE FARM, HILLSIDE LANE, GREAT AMWELL, HERTFORDSHIRE SG12 9SH**

We are delighted to bring to the market a new commercial development of up to six office spaces. The site is situated around a beautiful courtyard, surrounded by open green space yet within walking distance to Stanstead St Margaret's Train Station (London Liverpool Street from 41 minutes).

The buildings enjoy a well-connected beautiful setting just outside the village of Great Amwell, Hertfordshire. Hillside Farm comprises a range of sympathetically converted former farm buildings, situated within a rural yet accessible location approximately 1 mile from the A10, providing easy access to both London and Cambridge.

There are up to six premium office spaces to let, with each unit having a distinctive character and layout, having been carefully designed with the modern business user in mind. Each unit offers flexible space that can be configured to suit a range of commercial uses. The site also benefits from a landscaped exterior with communal outdoor space and the units can be combined to provide larger premises if required.

The units would be suitable to a variety of uses, subject to ensuring the necessary planning consents are in place, including offices, leisure, retail and hospitality businesses. We would be interested to hear from providers of such services with the view of creating a complex of businesses offering a range of high-quality facilities.

# THE UNITS

Hillside Farm is an exciting new development comprising six business units, enjoying a countryside setting just outside the village of Great Amwell, Hertfordshire. Hillside Farm comprises a range of characterful and sympathetically converted former farm buildings, situated within a rural yet accessible location approximately 1 mile from the A10, providing easy access to both London and Cambridge, in addition to the surrounding towns such as Hertford and Ware.

## DESCRIPTION

There are up to six premium office spaces to let, with each unit having a distinctive character and layout, having been carefully designed with the modern business user in mind. Each unit offers flexible space that can be configured to suit a range of commercial uses. The units can also be combined to form larger units.

The units comprise a converted stable building, a Grade II listed timber framed barn and a new-build office building, all benefitting from picturesque surroundings and communal outdoor areas for tenants to enjoy.

Following the grant of planning permission under East Herts planning application references 3/20/1051/FUL and 3/20/1052/LBC, the construction phase commenced in early 2022. Hillside Farm is due to be ready for occupation in summer/autumn 2023.

## LOCATION

Hillside Farm is situated in an attractive location just south of the popular village of Great Amwell and west of Stanstead Abbots. This location allows easy access to London via the A10 and M25, with the property being located just 1 mile from the A10 and 8.4 miles

north of M25 Junction 25. The area offers a wealth of train connections to London Kings Cross and Liverpool Street from Ware, Stanstead St Margarets (just over half a mile's walk away), Hertford and Hoddesdon.

## THE UNITS

Hillside Farm offers a variety of unit sizes and layouts. The units are presented as follows:

### Unit 1

A characterful Grade II listed barn conversion, providing an impressive office space over two floors, with a walkway between two areas on the first floor. The weatherboarded exterior and timber frame mean that the building retains a traditional, rural feel, yet the internal finish will give a modern and contemporary feel to the building. The ground floor extends to 1,213 sq ft and 1,114 sq ft on the first floor.

### Unit 2

A newly built office space extending to a total of 2,482 sq ft, with the ground floor comprising 1,422 sq ft and the first floor, 1,061 sq ft. The southern end of the building benefits from a huge glass floor to ceiling window, providing excellent views over the land surrounding the site.

### Unit 3

A traditional office building which was formerly the farm/stables office. The unit benefits from a ground floor area of 474 sq ft and first floor area of 561 sq ft. Externally, the building comprises brick and weatherboarding, and overlooks the central courtyard.

### Units 4, 5 and 6

Formerly a stable block, these versatile office units can either be let separately, or utilised as one large unit.

The units would be suitable to a variety of uses, subject to ensuring the necessary planning consents are in place, including offices, leisure, retail and hospitality businesses. We would be interested to hear from providers of such services with the view of creating a complex of businesses offering a range of high-quality facilities.

In total, there is approximately 11,596 sq ft of office space at Hillside Farm, divided into units of varying sizes and suitable for a range of businesses.
